

PPC 595 - High Temp Masking Tape

Short Description:

Masking tape for automotive body shops

Product Data:

Backing	59g/m ² natural white saturated crepe paper
Adhesive	Dry natural rubber and resin solvent based
Total thickness	0.130mm
Adhesion to steel	5 N/25mm
Tensile strength MD	90 N/25mm
Elongation at break	8%
Temp. Resistance	100°C (30 min), suitable for 80°C oven drying

Application:

Masking tape suitable for high performance application for use in automotive repair workshops

<u>Features</u>	<u>Benefits</u>
Dry natural base rubber and resins solvent based adhesive	<ul style="list-style-type: none"> • Good adhesion even on irregular surfaces • Heat resistant up to 100°C (30 minutes) • Excellent resistance to paint and lacquer thinners • Easy removal without adhesive residue
